

# Downtown Revitalization Workshop “PLACEMAKING”

## PLACEMAKING

**What defines your community? What creates that sense of place within your community? Are you working, volunteering, expanding, investing in these areas?**

**Why is Placemaking important? Why are people attracted to these areas to invest, to live, to work and enjoy?**

**All these questions and more will be part of this workshop and the importance of defining such areas in your community.**

**Placemaking capitalizes on a community's assets, inspiration, and potential, ultimately creating good public spaces that promote people's health, happiness, and well being.**
