PRESS RELEASE

Gallatin Receives Downtown Revitalization Grant from Missouri Main Street

Contact: Gayla Roten, State Director, Missouri Main Street Connection, Inc.
PO Box 1066, Branson, MO 65615; phone: 417-334-3014.

Gallatin has been selected in a competitive application process to participate in a cost-sharing Community Empowerment Grant that provides training, mentoring, and technical services to revitalization programs in Missouri's historic commercial districts. The grant is provided by Missouri Main Street Connection, Inc. (MMSC)

MMSC staff will visit with Gallatin's community leaders to evaluate existing and future needs of the downtown, and then schedule a series of customized training and mentoring sessions equipping them to concentrate on their local revitalization goals. MMSC State Director Gayla Roten noted, "This service grant offers an amazing opportunity to Gallatin to bring the community together to preserve and revitalize the downtown district. We are excited to assist with this work!"

The goal of the grant is the development of a sustainable, volunteer-based organization that will carry out an economic development program based on the preservation of historic assets in the downtown, using the Main Street Approach™ to revitalization.

With support from MMSC, the sponsoring organization, the City of Gallatin, anticipates:

- Comprehensive and sustainable revitalization in downtown Gallatin and throughout the community; and
- To build on the successes already accomplished by the City of Gallatin and other stakeholders in the community.

During the next two years, MMSC will provide Gallatin with training and mentoring to formally establish a revitalization organization that will engage the entire community as participants and beneficiaries. The group also will attend regional revitalization workshops and conferences conducted by MMSC.

The Community Empowerment Grant is a 60/40 matching service grant, in which the Greenhills Regional Planning Commission is supporting these efforts by paying the 40% matching portion of the grant. The total value of the grant in training and mentoring services is \$30,800. Gallatin is also now designated as an Affiliate in the Missouri Main Street Tier Structure which ranks progress on standards established by the *National Trust for Historic Preservation* and *National Main Street Center*.
